

Are you ready for a change of scene?

Would you like to work for a growing industry with opportunities to boot?

We have a range of positions available within our Balclutha Dairy Servicing and Engineering Operations.

Ideally we would prefer people with skills and experience in the following areas:

- *Electrical*
- *Mechanical*
- *Plumbing*
- *Pumps*
- *Fitter turner/fitter welder*
- *Milking machine technician*

Experience in these areas isn't a "must have", however a great attitude and the ability to work unsupervised is critical. These are full-time positions and the right candidate won't mind rolling up their sleeves to work the odd weekend or late night.

All applicants require a current driver's license.

The perfect candidates will be offered a competitive salary as well as full training and the chance to grow a long term career.

If you are energetic and like to be challenged, please email us your current CV and covering letter to: hamish@ccmp.co.nz or post to: **Vacancies, PO Box 81, Balclutha 9240.**
